### Sharing the Spirit of Sport with a Beautiful Smile

In Special Olympics, the impact of an influential community partner enhances our ability to provide year-round sports training and competition to over 2,500 children and adults with intellectual disabilities—in over 100 communities throughout New Mexico.

That is why Special Olympics New Mexico is proud of our partnership with Dr. David J. Harnick, DDS, MSD. Since 2002, Dr. Harnick has served on the Special Olympics New Mexico Board of Directors, helping SONM establish policies and guidance to our state program.

“As a financial partner and supporter of the Special Olympics movement, David Harnick helps us build communities that foster the values of understanding, acceptance and dignity among all people,” says SONM Executive Director Randy Mascorella.

Dr. Harnick is a board certified orthodontist, who has been in Albuquerque for over 20 years. Dr. Harnick provides orthodontic treatment to children and adults, including early interceptive orthodontics, braces and Invisalign. He practices in a new, state-of-the-art orthodontic office on Albuquerque’s Westside, conveniently located on the northwest corner of Paseo del Norte and Golf Course Road.

“It has been my pleasure to support SONM in any way I can,” says Dr. Harnick. “What Special Olympics means to these people and families is beyond what we can understand. I look forward to serving them in the future.”
